

8TH ANNUAL RESEARCH SEMINAR OF THE CENTRE FOR INTERDISCIPLINARY BRAIN RESEARCH (CIBR)

EDUCATIONAL SEMINAR - TRENDS IN NEUROSCIENCE

Friday 11th December 2020 in Zoom

- | | | |
|-------|--|---|
| 12:00 | Opening words | |
| 12:10 | Host: Jan Kujala
Prof. Sylvain Baillet (McGill University) New frontiers in MEG & electrophysiology for brain decoding and imaging |  |
| 13:00 | Host: Simo Monto
Prof. Danielle Bassett (University of Pennsylvania) The physics of brain network architecture, function, and control |  |
| 14:00 | <i>Break</i> | |
| 14:15 | Host: Jan Wikgren
Prof. Vincent Clark (University of New Mexico) Alternative methods for neuromodulation: Pressure, sound, light and heat |  |
| 15:00 | Host: Pessi Lyyra
Prof. Anil Seth (University of Sussex) Your brain hallucinates your conscious reality |  |
| 15:30 | Free discussion (bring your own wine and snacks) | |
| 15:55 | Closing words | |
